

The Ultima

Slabs that redefine opulence.

1200x1200 MM

This Ultima variant provides an attractive contrast which is based on the interplay of modern technology and luxurious architectural elegance. Superior combination of beauty and strength is driven by a rich variety of polished finishes giving a contemporary look to your space. In addition to having numerous finishes to cater to your taste, the exclusive carving finish gives crevices and grains across the surface of a slab which in turn gives a unique feeling of natural marble and wood.
